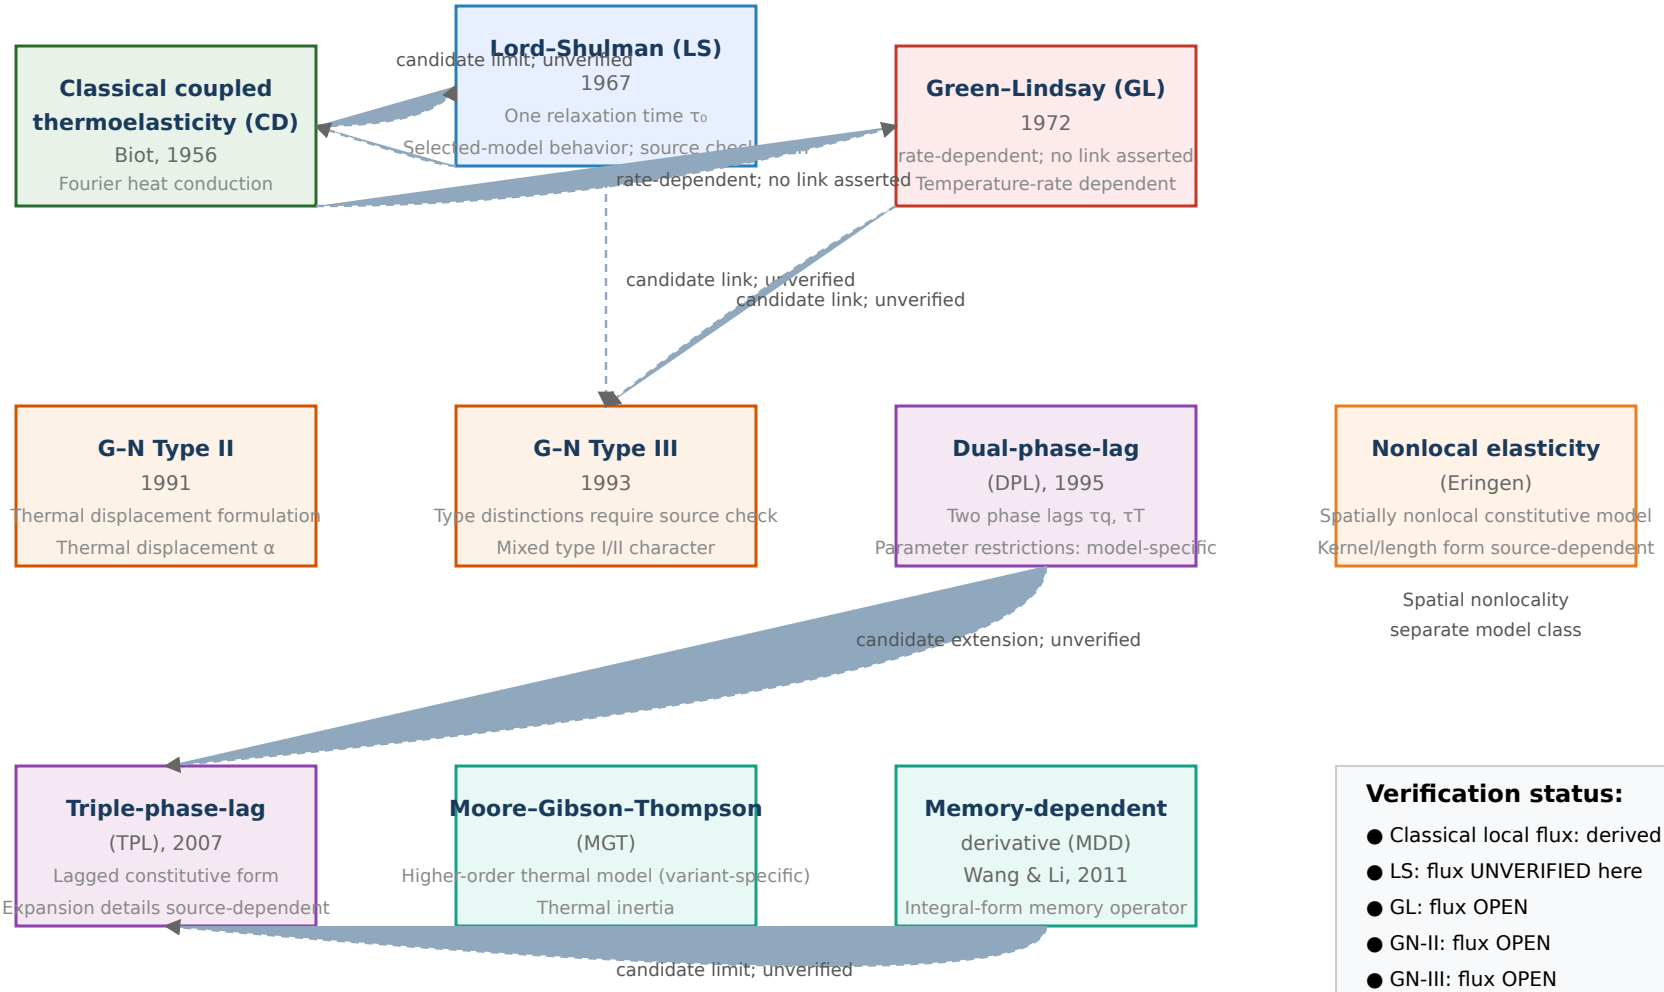
Generalized thermoelasticity theory map

Provisional taxonomy; relationships and limits are not verified



Verification status:

- Classical local flux: derived in text
- LS: flux UNVERIFIED here
- GL: flux OPEN
- GN-II: flux OPEN
- GN-III: flux OPEN
- DPL: flux UNVERIFIED here
- TPL, MGT, MDD: flux OPEN
- Nonlocal: flux OPEN

OPEN = no generalized flux formula asserted

Dashed links are provisional; no limit is verified.

Bibliographic metadata do not verify equations. Dashed links are provisional literature leads, not verified limits.

Energy flux formulations for generalized theories remain open (Section 10.3, OQ10.1–OQ10.8).
